

### New Website Launch Announcement:

Extra Care Housing and Health Property Partner, Ashley House plc launches new website at [www.ashleyhouseplc.com](http://www.ashleyhouseplc.com)

We are very excited to announce the launch of our newly designed website. Visit us at [www.ashleyhouseplc.com](http://www.ashleyhouseplc.com). The site's Home Page features improved navigation and an uncluttered design as well as introducing you to our three newly defined business areas, Extra Care Housing, Health Property and Community Infrastructure

We wanted to make the new website faster, easier to navigate, and more user-friendly. It is important for us to make our corporate information, easily accessible for all our stakeholders and prospective new clients. The new site is fully responsive and can adapt to new technology, be it smart watch, mobile, tablet, laptop or PC.

Amongst the new features the site contains integrated social media buttons for Twitter and LinkedIn to foster improved communication and enable you to have the ability to share pages of the site on your social media network. We will be regularly updating the content with Company announcements and our successes in the News section and on the Home Page.

We also wanted to give our clients an opportunity to know and understand us better. Who we are as a Company and how we make positive improvements to people's lives through the social impact the properties we develop have on residents, users, our partners and clients as well as the wider local community.

By browsing through the new site, you'll receive a much better understanding of who we are, what we do, and what our clients and partners are saying about us.

One of the most noticeable changes on our new site is the three sub branded business areas. These are represented with distinctive bright colors to make each one easily recognisable.

Our Graphic Design partner at ii-Design has worked hard to put together this website and we are very proud of the result. We hope you will enjoy using the new website with its fresh new look.

We look forward to hearing any feedback from you. Should you have any questions or comments or if you experience any problems using the new website, please contact us at [enquiries@ashleyhouseplc.com](mailto:enquiries@ashleyhouseplc.com).

Thank you. Enjoy !
